How to achieve **UL Solutions certification**

We know service and convenience are important to you, so let us help you get started.

2

Connect with our accessible UL Solutions Engineers to help review the available documentation.

3

We craft and execute a customized conversion plan by coordinating the sample examination and testing arrangements needed to get you to UL Solutions certification.

000

Once your product is UL Solutions certified, it will appear in UL Solutions online Product iQ[™] searchable certification directories that make it easy for buyers and specifiers to identify compliant products and source your products.

We perform a gap analysis of your

data is needed to support your

UL Solutions certification.

certification documentation to identify if any additional test or construction

· 정 || -전 전 || -

Once your project is underway, we provide secure online access to your project status through our customer portal while you work
